- a. Attach a copy of the **Hazardous Materials Survey Report (see checklist below)**
- b. Attach disposal receipts from the recipient of the hazardous waste (if applicable)

Checklist: Hazardous Materials Survey Report	
Please confirm that all items below are covered in the Survey Report	YES/NO
Description of the hazardous material survey scope (i.e. what buildings or structures are included), in accordance with the relevant legislation set out in Table IEQ-6.1 identified under Additional Guidance in the Technical Manual;	
Where survey has been completed and no hazardous materials were identified:	
Confirming that no asbestos, lead and/or PCBs were identified in the existing buildings and/or structures on the project site.	
Where survey has been completed and hazardous materials were identified:	
A tabulated summary, detailing all hazardous materials identified at present within all existing buildings and/or structures on the project site;	
Confirmation that all hazardous materials identified in the initial 'Hazardous Material Survey Report' have been treated, and disposed of if necessary, in accordance with standards listed under Table IEQ-6.1.	

Discussion: Insert any issues you would like to highlight and clarify to the Assessment Panel.
